

# Activity Sheet

# House Hunting

These hikers are hoping to spot wildlife in the park. Read the clues, unscramble the names and find just the right home for each species. Fill in the signs with the correct names as you go.

Spy a sunny spot for **LESTRUT**

A **KIPE** likes deep water

Look for lovely **SLYAGDUB** where wildflowers grow

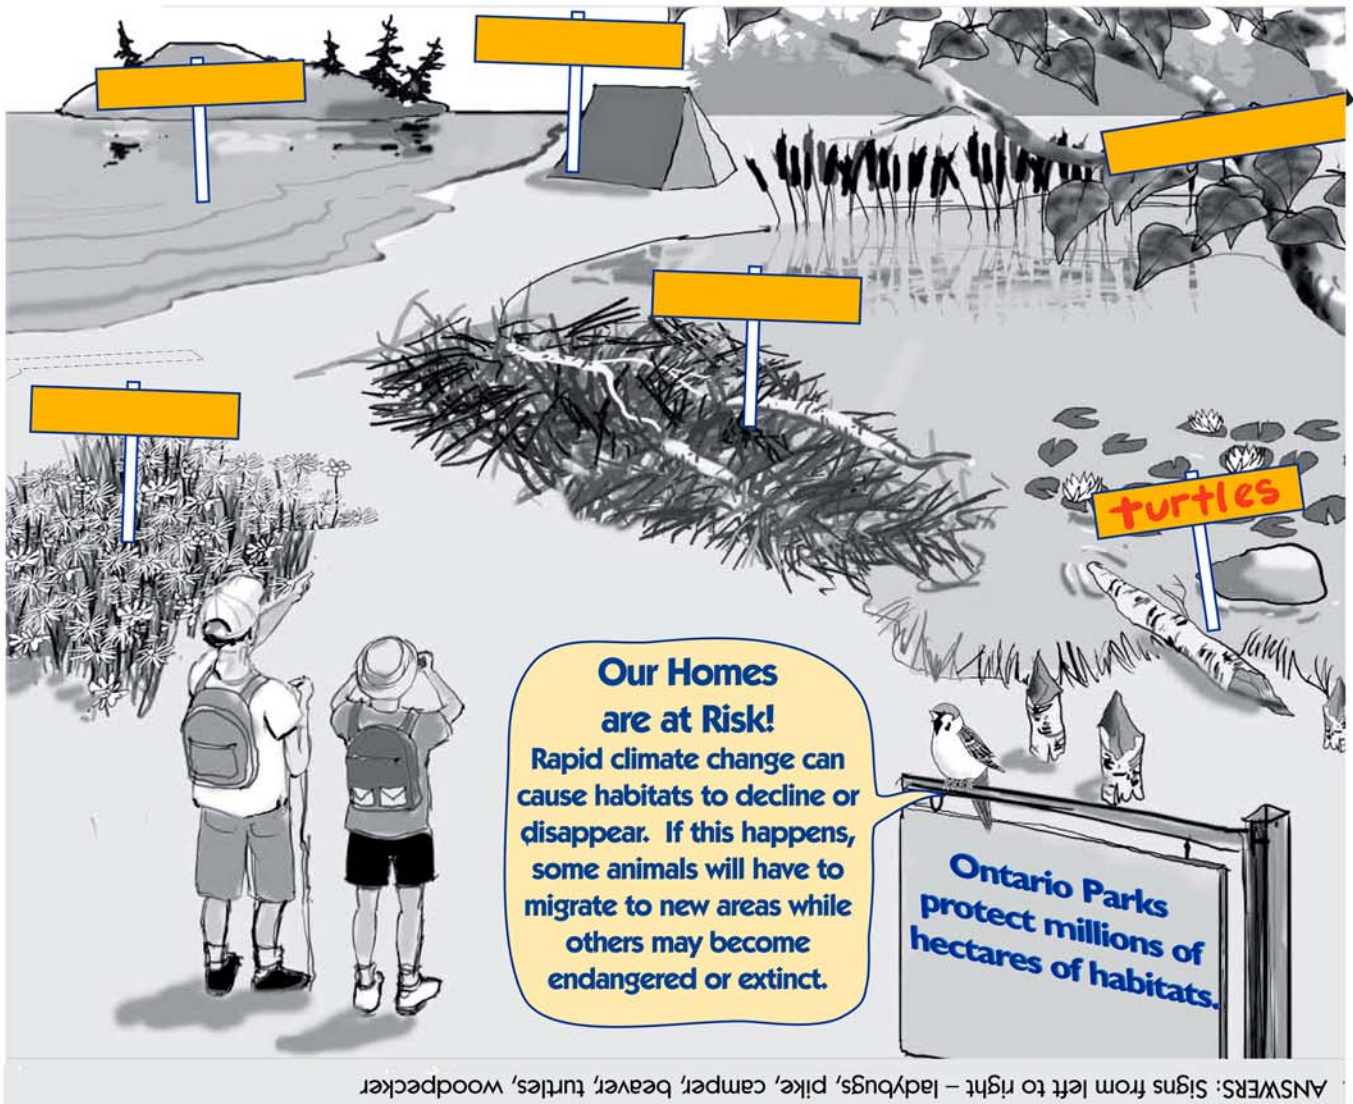

Find a home away from home for a **RAMPEC**

Where's the best place to spy a **POKEWEDORC**?

A **VERABE** has a lodge for a home

**Our Homes are at Risk!**  
Rapid climate change can cause habitats to decline or disappear. If this happens, some animals will have to migrate to new areas while others may become endangered or extinct.

Ontario Parks protect millions of hectares of habitats.

ANSWERS: Signs from left to right - ladybugs, pike, camper, camper, pike, woodpecker, turtles, turtles, woodpecker
